I am a self-motivated individual with a positive outlook on life. I love challenges and solving problems, which my experiences as a Representative Council executive member for two consecutive years have offered. I was a debutante in 2014 and managed to raise funds for the school, this proved my entrepreneurial skills. I am calm in nature and learn quickly. I worked at InnoVent Rental and Asset Management Solutions for a 4 month internship programme, as a marketing intern in August – December 2017. I'm currently a third year student at the University of Pretoria, studying BSC in Geoinformatics.
